Your partner in strategic alliances

GLOBOFARM INTERNATIONAL PVT LTD

COMPANY PROFILE 2024

About Us

- GloboFarm International Pvt Ltd founded with a passionate vision for cultivating innovation and shaping the future of Pharmacuetical and wellness industry,

- With a strong commitment to quality, the company sources only the finest ingredients for its expansive range of products.

- Over the years, GloboFarm's dedication to excellence has propelled its growth, allowing it to expand its operations to multiple countries across the globe.

- With a dedicated team and a customer-centric approach, GLOBOFARM INTERNATIONAL PVT LTD continually aims to exceed expectations in the pharmaceutical and Nutraceutical ingredient industry.

- Globofarm has been providing services to clients all around the world from our headquarters in India

- We are a Pharmexcil and FIEO associated member.

Our History

- Third-generation entrepreneurs in the pharmaceutical raw materials and formulations field founded GIPL. Established in the year of 2014 by two partners. Initially, they catered to the domestic needs and later as the customer base grew they expanded their horizons and started catering to other countries as well.

- In 10 years, Globofarm is Exporting to 20 countries with over 40 clients and Importing from 10 countries from over 30 manufacturers worldwide.

- We have evolved from Globofarm LLP to now Globofarm International Pvt Ltd.

- Our organization's reputation and current commercial success are a result of our skilled and knowledgeable workforce, who have a wide range of Indian market expertise in addition to a solid understanding of satisfying clients across the world.

Our Mission

“We believe that success lies in bringing products to markets that not only meet customers' expectations but also exceed them.”

Our Abilites

- GIPL integrates with Innovative suppliers from across the globe to distribute its ingredients to its clientele.
- The advanced solutions offered by these actively studied substances satisfy consumer demand for wellness and healthy aging goods.
- At GIPL, we are unwavering in our pursuit to provide our customers with top-quality ingredients.
- The growing customer demand for wellness and healthy aging goods is perfectly met by these contemporary solutions.
- We stand out from the competition because of our capacity to recognize trends early and provide original solutions that have helped us to build a sizable market potential for our final goods.

Our Speciality

- We stand as the forefront provider of high-quality active pharmaceutical ingredients, intermediates, Vet API’s, excipients, Cosmetics, Formulations, Herbal extracts, Organic, Nutraceuticals, Generic, Vegan, Synthetic products . Our esteemed clientele spans from nascent enterprises to renowned industry giants in the pharmaceutical domain. Our profound understanding of customer preferences drives us to deliver at competitive prices.
